CLIENT TESTIMONIALS

"Ramesh and team have completed three projects and one that entailed refurbishing, with us and every time we engaged, there was a clear and simple plan in terms of how are needs are addressed. They are quick in recommending suitable options and with education around why and what is feasible to what one is looking for, including practicality, which is something one will miss out in the overall scheme of things. To summarize, quality work, timeliness and working within economic constraints are well done with Ramesh and team."

"Mr. Sri Ramesh of T h e RV Construction Company is one person who can be trusted in Bangalore who has built up a reputation in meeting the needs of the middle class family having ambition of a house of their own in Bangalore city. He gives suggestions to get the maximum benefit within the usable area, and after your satisfaction prepares the building plan, get the same approved by the competent authority, and finally completes the work without straining the financial resources of the owner."

- MGN MOORTHY

Bangalore

"I contacted Shri Ramesh on phone. The most surprising moment for me was his voice recognition capability which filled me with positive vibes. After an exchange of addresses, email Ids and location of work, we had a meeting at the work site within a week, exchanged views on the work to be carried out and discussed on financial arrangements post receipt of works estimate. The estimated time frame was 6 weeks and the work was completed in 6.5 weeks. Well aware of the constraint in carrying out the work due to availability of labour and craftsmen right from the estimating stage, my estimate was around 8 weeks considering the hurdles to be faced while executing the work.

However, the work was successfully completed within the time frame by Shri Ramesh and his team. The work was beautifully executed, crossing all hurdles with zeal and complete confidence. I also kept smooth inflow of finance required to retain his confidence in me which would otherwise hinder execution of work."
